PUT YOUR SCIENCE TO WORK

PRACTICAL ADVICE AND PROVEN TECHNIQUES TO LAND THE JOB OF YOUR DREAMS

Thursday, March 8, 2018, 2:30-5:30 p.m.
Los Angeles Convention Center, Room 305

Physics degree holders are among the most employable in the world. Science and Technology employers know that with physics training, a potential hire has acquired a broad problem-solving skill set that translates to almost any environment. Yet many scientists still find today’s job market to be a confusing and frustrating place.

In this interactive workshop, Peter Fiske, author of Put Your Science to Work: The Take Charge Career Guide for Scientists, will lead audience members through key professional topics such as:

• Overview of Effective Career Planning and Job Hunting
• Developing a Compelling Resume and Cover Letter
• Sought-after Skills and Experience and much more....

Light refreshments will be provided.
