

POP~UP Class

Beginning ARDUINO

..... it's Tinker Time !!

Come join us for a just-for-fun session or two where you can play with an Arduino, and learn some things about how to make it work.

Blinky lights! Tone generators! Motors!

Two sessions: attend either one, or both

Monday April 4 6-8 PM Capstone room GOS-3107

and/or Tuesday April 12 6-8 PM Capstone room GOS-3107

Limited: email linda.barton@rit.edu to reserve,
or just show up, first come first serve, limit 12
Preference to physics juniors or sophomores.

Bring: a laptop. Please install the Arduino IDE before session:
available <https://www.arduino.cc/en/Main/Software>
email me if problems or questions on software

We provide: Arduinos, assorted electronics, some help, possible
laptops for a few (email me)
