CHORUS CLASS.

GREAT JOB GUYS, KEEP IT UP!

... I'M THROUGH WITH PLAYING BY THE RULES OF SOMEONE ELSE'S GAME...

UH, KAS, WE'RE SINGING, NOT STRUMMING.

IT COULD BE... WORSE?

YEAH, NOT AS BAD AS THE POLKA MY PARENTS LISTEN TO.

YOU JUST CAN'T JAM TO THIS!

KAS, GREAT JOB, KEEP IT UP!

YOU'VE REALLY IMPROVED, I SEE A SOLO IN YOUR FUTURE!

I APPRECIATE THE EFFORT, GORDY, BUT MAYBE YOU COULD SING A BIT MORE QUIETLY... WE'D UM, LIKE EVERYONE TO BE HEARD.

SPEAK FOR YOURSELF I'M NOT GREAT WITH COLORS, UNLESS IT'S COLORS OF LIGHT!

WHAT DO YOU HAVE GOING ON THIS WEEKEND? WANT TO GO DRESS SHOPPING FOR THE DANCE? YOU'RE SO MUCH BETTER WITH FASHION!

SOUNDS GOOD! I FINISHED MAKING MY DRESS LAST WEEK BUT I NEED SHOES -- SHOOT! WE'RE GOING TO BE LATE, MISS KLIMT HATES THAT!

RACE YA!

I LOVE THIS!

UM... WHAT HAPPENED? YOU OKAY? YEAH... I'M FINE! WHAT MAKES YOU THINK SOMETHING'S WRONG? I JUST DIDN'T WANT TO BEAT YOU Um, OKAY YOU DON'T HAVE TO BE SNIPPY ABOUT IT -- YOU SURE YOU'RE OKAY?

I'M FINE, REALLY!

THAT WAS WEIRD MAYBE I DIDN'T HAVE ENOUGH LUNCH?
CHORUS CLASS.

GREAT JOB GUYS, KEEP IT UP!

I'M THROUGH WITH PLAYING BY THE RULES OF SOMEONE ELSE'S GAME . . .

Yeah, not as bad as the polka my parents listen to.

You just can't jam to this!

Kas, great job, keep it up! You've really improved. I see a solo in your future!

Uh, Kas, we're singing, not strumming . . . too late for second guessing . . .

I appreciate the effort, Gordy, but maybe you could sing a bit more quietly . . . We'd um, like everyone to be heard.

It could be . . . worse?

See you guys later, we have gym class. We're headed to art. So much easier than music class!

What do you have going on this weekend? Want to go dress shopping for the dance? You're so much better with fashion!

Race ya!

Speak for yourself. I'm not great with colors, unless it's colors of light!

Sounds good! I finished making my dress last week but I need shoes --

Shoot! We're going to be late, Miss Klimt hates that!

Um . . . what happened?

You okay?

Yeah . . . I'm fine! What makes you think something's wrong? I just didn't . . . want to beat you.

Um, okay.

You don't have to be snippy about it --

You sure you're okay?

I'm fine, really!

That was weird.

Maybe I didn't have enough lunch?

I love this!

THE PIZZA PI

YOU GUYS READY FOR THE SPRING CHORUS CONCERT?

I'M HAPPY JUST DOING COSTUMES, BUT I THINK I HAVE TO SING, TOO.

HOPEFULLY I CAN JUST PLAY

I'D REALLY LIKE THE SOLO. I'VE BEEN PRACTICING AT HOME AND EVERYTHING... I THINK I CAN DO IT!

UH... YEAH... YOU GO FOR IT...

YEAH, GO FOR IT! SO ULTRAVIOLET CATASTROPHE IS GONNA TRY AND PLAY THE DANCE

I MEAN, I'M FINE, THANK YOU VERY MUCH!

UH... YEAH...

YOU GO FOR IT...

SPEAKING OF STRINGS -- I'VE HAD THIS ANNOYING STRING HANGING OFF MY JERSEY ALL DAY. ANYONE HAVE SCISSORS? OR I GUESS I COULD GO ASK THE OWNER, MR. BEYER...

NO PROBLEM!

Laser powers -- FOR SAVING THE WORLD, AMUSING CATS, AND SOLVING A STRING CRISIS!

SOMETIMES THE AMP JUST DOESN'T WORK AND ONE STRING IS STICKY... GOTTA GET THAT FIXED FIRST

I MEAN, DR. DANIEL HAS SAID NO TO US TWICE, BUT WE'VE BEEN KILLING IT RECENTLY AND I JUST GOTTA GET HER TO LISTEN TO US

I MEAN, I AM SO ON! ONLY PROBLEM IS MY GUITAR IS KINDA MESSSSED UP --
The pizza police! You guys ready for the spring chorus concert? I’m happy just doing costumes. But I think I have to sing, too. Hopefully I can just play. I’ve been practicing at home and everything—I think I can do it! Uh... yeah... you go for it... yeah, go for it! So ultraviolet catastrophe is gonna try and play the dance. I mean, I am so on! Only problem is my guitar is kinda messed up—sometimes the amp just doesn’t work and one string is sticky... gotta get that fixed first speaking of strings—I’ve had this annoying string hanging off my jersey all day. Anyone have scissors? Or I guess I could go ask the owner, Mr. Beyer... no problem! Laser powers—for saving the world, amusing cats, and solving a string crisis! I mean, Dr. Daniel has said no to us twice, but we’ve been killing it recently and I just got to listen to us... um, let me try again... this is strange, I just can’t do it... sorry Gordy, looks like I haven’t eaten enough—I just don’t have the energy, guess you’ll need to ask for scissors. Could you order me some more pizza while you’re up? Sure, no problem! Thanks for trying! You sure everything is okay? This is the second time this has happened. Yes! Just stop asking! I’m fine, thank you very much!
OKAY, I’VE GOT THIS. YOU CAN’T JUST LOSE SUPERPOWERS OVERNIGHT.

I CAN CUT THIS METAL RULER. I KNOW I CAN.

CONCENTRATE. ARG! NO…I CAN’T.

ALRIGHT, I’LL TRY PLAYING A CD. LASERS CAN DO THAT!…DRAT!

OKAY FINE, I’LL GET AS LOW POWERED AS I CAN -- CAT TOY LASER, HERE I COME!

OW!

THIS IS NOT GOOD -- WHAT IS HAPPENING TO ME??

I CAN’T BELIEVE I WAS SO MEAN TO HER, I REALLY NEED HER HELP!

CRASH!

RUBY WAS RIGHT

WHAT WOULD HAVE HAPPENED IF I HADN’T STOPPED MISS ALIGNMENT?

OKAY, GOOD POINT. LET ME THINK ABOUT IT . . .

. . . I DON’T HAVE ANY SUGGESTIONS.

UGH, SORRY!

. . . I HAVE TO FINISH MY PHOTOGRAPHY HOMEWORK. BUT WE’LL HAVE TONS OF TIME TO TALK DURING THE AQUARIUM TRIP TOMORROW!
OKAY, I’M REALLY SORRY I WAS RUDE TODAY. I’M JUST SCARED AND DON’T REALLY KNOW WHAT’S GOING ON.

NO BIG DEAL, CHANGES ARE SCARY! HAVE YOU TRIED TO CHANGE INTO A LASER SINCE THE PIZZA?

YES -- NO LUCK! NO CD’S, NO CUTTING METAL, HECK -- I CAN’T EVEN TURN INTO A CAT TOY! I DON’T KNOW WHERE THESE POWERS CAME FROM, I DON’T KNOW WHERE THEY’VE GONE, AND NOW I DON’T KNOW HOW TO GET THEM BACK!

WELL... IT’S NOT THE END OF THE WORLD IF YOU’RE JUST NORMAL AGAIN!

YES, ACTUALLY IT IS!

OKAY, GOOD POINT. LET ME THINK ABOUT IT...

... I DON’T HAVE ANY SUGGESTIONS. UGH, SORRY!

WHAT WOULD’VE HAPPENED IF I HADN’T STOPPED MISS ALIGNMENT?

I HAVE TO FINISH MY PHOTOGRAPHY HOMEWORK, BUT WE’LL HAVE TONS OF TIME TO TALK DURING THE AQUARIUM TRIP TOMORROW!
The Aquarium

Dolphins can produce both sounds and high frequency sounds for echolocation. This means they can produce a sound, which is a vibration -- that vibrates the water, bounces off something, and tells the dolphin where it is.

Bats use it too!

To produce whistles, they vibrate their larynx. And to produce echolocation sounds, they vibrate air sacks in their heads.

Every dolphin has a distinct whistle, just like humans have distinct voices.

Whistle!

Here, dolphin dolphin!

How ya doing?

UH, HI GUYS! DON'T KNOW WHY YOU'RE INTERESTED IN ME, BUT COOL! WHAT'S IT LIKE LIVING IN THERE?

Whistle?

Here, dolphin dolphin!

Wow, I've never seen them do that before! They usually only do that when they hear a dolphin whistle.

Or maybe he just smells like fish!

Okay, let's move along to turtles --

Looks like we've got our own little dolphin whisperer here!

HOW YA DOING? UH, HI GUYS! DON'T KNOW WHY YOU'RE INTERESTED IN ME, BUT COOL! WHAT'S IT LIKE LIVING IN THERE? WOW, I'VE NEVER SEEN THEM DO THAT BEFORE! THEY USUALLY ONLY DO THAT WHEN THEY HEAR A DOLPHIN WHISTLE. LOOKS LIKE WE'VE GOT OUR OWN LITTLE DOLPHIN WHISPERER HERE! OR MAYBE HE JUST SMELLS LIKE FISH! HA HA HA HA

OKAY, LET'S MOVE ALONG TO TURTLES -- THAT WAS REALLY STRANGE. IT WAS LIKE THEY UNDERSTOOD YOU! YOU AREN'T GOING ALL HARRY POTTER AND THE SNAKES ON US, ARE YOU?

THAT WAS REALLY STRANGE. IT WAS LIKE THEY UNDERSTOOD YOU!

YEAH, BUT ALL I DID WAS SAY "HELLO"

I'M LIKE THAT SUPERHERO, HYDRO-DUDE!

NOT HIM, HE'S THE LAMEST OF THE SUPERHEROES!

NO WAY, IT WAS JUST A FLUKE.

GET IT? FLUKE? LIKE THE FISH?

FIRST OFF, THAT'S A TERRIBLE JOKE (AND WORSE WHEN YOU EXPLAIN IT)

SECOND OFF, JUST WATCH OUT FOR MORE WEIRD STUFF HAPPENING. THIS COULD BE BIGGER THAN JUST DOLPHINS!

THIS IS REALLY WEIRD. DO YOU REMEMBER WHEN STRANGE THINGS STARTED HAPPENING TO ME?

I TURNED INTO A LASER!

SO FAR WE'VE SEEN A QUANTUM MECHANIC AND A WATER-CONTROLLING SWIM COACH IN THIS TOWN!

NO WAY, IT WAS JUST A FLUKE.

GET IT? FLUKE? LIKE THE FISH?

FIRST OFF, THAT'S A TERRIBLE JOKE (AND WORSE WHEN YOU EXPLAIN IT)

KAS’S PLACE

OHH, WE’RE HALFWAY THERE, OHH OHH! LIVIN’ ON A PRAYER!

YOU’RE REALLY ROCKING IT! YOU’VE GOT TO FIGURE OUT HOW TO GET DR. DANIEL TO LET YOU PLAY AT THE DANCE!

YEAH

BUT I KINDA WANNA DANCE, TOO

OHH, YOU WANNA DANCE WITH LUCY, I GET IT

QUIT IT

HAVE YOU ASKED RUBY YET?

(SMOCCH)

(SMOCCH)

NAH, BUT I FINALLY FOUND A COOL WAY TO DO IT -- CHECK THIS OUT!

SHE CAN JUST DRAG HER FINGER ACROSS THE TAPE AND THE BUMPS MAKE IT VIBRATE

IT VIBRATES IN JUST THE RIGHT WAY TO SAY "BE MY VALENTINE"

NERDY! AWESOMELY NERDY!

THANKS FOR LETTING ME SING WITH YOU! SO I . . . KNOW YOU MIGHT BE LOOKING FOR A NEW SINGER . . . THINK I COULD DO IT?

I’VE BEEN PRACTICING A TON!

NAH, DUDE, UH, WE . . . NEED YOU ON THE AUDIO STUFF! AND PLUS BAND PRACTICE IS DURING YOUR FOOTBALL PRACTICE, SO . . .

(AT LEAST, IT IS NOW)

ANYWAY, I THOUGHT YOUR GUITAR WAS BROKEN? YOU WERE REALLY ON POINT JUST NOW, ARE YOU SURE IT’S HAVING TROUBLE?

HM WELL -- A WEEK AGO IT WASN’T WORKING

FIRST THE DOLPHINS, NOW YOUR AMP ISN’T EVEN ON AND YOU’RE PLAYING. THIS IS SOME WEIRD STUFF!

I HAVE NO IDEA BUT I’M NOT COMPLAINING! THIS IS GREAT!

WE NEED TO DO EXPERIMENTS UH, HOW?

I THINK YOU’RE DEVELOPING SOUND POWERS. SOUND IS JUST VIBRATION. YOU THINK NOTES AND SOUNDS . . . AND CAN JUST KINDA MAKE STUFF VIBRATE.

REMEMBER WHEN LUCY GOT HER POWERS?
Yeah I mean, I’m thinking what I should play, and it plays.

Maybe it fixed itself!

First the dolphins, now your amp isn’t even on and you’re playing. This is some weird stuff!

I have no idea.

But I’m not complaining! This is great!

Remember when Lucy got her powers?

First the dolphins, now your amp isn’t even on and you’re playing. This is some weird stuff!

I think you’re developing sound powers. Sound is just vibration. You think notes and sounds . . .

And can just kinda make stuff vibrate.

We need to do experiments.

Lucy and I would be the ultimate power couple!

I mean, I’m thinking what I should play, and it plays.

Guitars don’t fix themselves.

Maybe it was your amp that was broken?

Dude, something is up.

First the dolphins, now your amp isn’t even on and you’re playing. This is some weird stuff!

Focus. This is serious.

You know we’ve seen this before . . .

Remember when Lucy got her powers?
Okay, try this -- think of a word and try to make my eardrums vibrate so I hear it.

Okay, try this -- think of a word and try to make my eardrums vibrate so I hear it.

Donuts.

Donuts.

You just thought "donuts".

Donuts would be so awesome right now . . .

At a time like this, all you can think about is food?? . . . I mean, a snack would be nice . . .

Hey boys! Here are the donuts you asked for.

On it! Just let me tell my dad . . .

It was weird, you must’ve yelled but it sounded like you were right there . . .

You know we need to tell the girls about this.

I want to make the general think the physics classroom is haunted!

Not just yet . . . let me have some fun with it first.

Aww honey, I think you’re super whether or not you can turn into a beam of light!

And what’s up with Kas talking to dolphins?? It’s not fair! I lose my super powers and he gets some?

Don’t be upset with Kas, it’s not his fault. Maybe you should talk to someone besides me about this?

I guess . . . I could talk to my mom? She always said I could talk to her about any changes I’m going through . . .

Though I did finally convince her we were kidding about that whole missing van and the laser powers thing . . .
OKAY, TRY THIS -- THINK OF A WORD AND TRY TO MAKE MY EARDRUMS VIBRATE SO I HEAR IT

DONUTS

YOU JUST THOUGHT "DONUTS"

EEK!

DONUTS WOULD BE SO AWESOME RIGHT NOW . . .

ON IT! JUST LET ME TELL MY DAD . . . DONUTS

HEY BOYS! HERE ARE THE DONUTS YOU ASKED FOR

IT WAS WEIRD, YOU MUST'VE YELLED BUT IT SOUNDED LIKE YOU WERE RIGHT THERE . . .

YOU KNOW WE NEED TO TELL THE GIRLS ABOUT THIS NOT JUST YET . . .

LET ME HAVE SOME FUN WITH IT FIRST I WANT TO MAKE THE GENERAL THINK THE PHYSICS CLASSROOM IS HAUNTED!

AT A TIME LIKE THIS, ALL YOU CAN THINK ABOUT IS FOOD?? . . . I MEAN, A SNACK WOULD BE NICE . . .

YOU LIKE IT? THE RED MIGHT BE A BIT CLICHÉ, BUT I THINK IT LOOKS GOOD

NO WAY! I LOVE THE COLOR AND THE CUT IS PERFECT

I'M SORRY, AGAIN I WAS SO RUDE. I JUST DON'T KNOW WHAT'S GOING ON WITH ME -- I USED TO JUST DO LASER THINGS. NOW I CAN'T DO ANYTHING.

I'M SORRY TOO, BUT WE CAN FIGURE IT OUT!

ARE YOU STRESSED? SWIMMING TOO MUCH? EATING ENOUGH? HEY, EATING -- WE CAN AT LEAST FIX THAT!

AWW HONEY, I THINK YOU'RE SUPER WHETHER OR NOT YOU CAN TURN INTO A BEAM OF LIGHT!

AND WHAT'S UP WITH KAS TALKING TO DOLPHINS?? IT'S NOT FAIR! I LOSE MY SUPER POWERS AND HE GETS SOME?

DON'T BE UPSET WITH KAS, IT'S NOT HIS FAULT. MAYBE YOU SHOULD TALK TO SOMEONE besides ME ABOUT THIS?
Hey mom? Can you come here a sec?

I, uh, kinda want to talk to you about something.

Well, um, I don’t know how to say this, but I’m going through some changes, and Kas is, too. It’s like there are… some, um, things I used to be able to do that I can’t anymore. Things are just, you know… different.

Oh boy, I can do this. I’m a good mom. I can talk about the hard stuff.

Oh honey, that’s all part of growing up. Everyone goes through changes at your age; it’s totally normal. And Kas is going through it, too, in, um, a different way.

But… what if I can’t ever do the things I used to? Will I still be me?

Of course, honey! You’ll always be you, and your father and I will love you no matter what -- including whatever you think you can and can’t do.

Oh honey, that’s all part of growing up. Everyone goes through changes at your age; it’s totally normal. And Kas is going through it, too, in, um, a different way.

Sure honey – what’s up?

Most people don’t have a choice, but you’ll get through it.

I talked to my mom. I feel better.

Whew, got through that!

I guess I’m not so terrible at this mom gig.

But she was super nervous.

…Thanks mom, that helps… though I still don’t think I want to change…

So there we were, looking at his amp and he didn’t even realize it was off! He can make things sing! With his mind! He’s like you, Lucy. Only with sound!

Check it -- I can even make soda sing!

Yeah, it was pretty cool. That’s why the general thought there were ghosts today in class. I made his ear drums vibrate!

Go to the dance with me, Lucy?

Sure! I’d love to.

That’s amazing!

How good are you at controlling it? Can you make two sounds at once?

No idea. I’m not changing how hard I’m blowing.

Oh! We learned about this. It’s called a “beat frequency.”

The sound waves add together and sometimes they add to make it louder, sometimes softer.

Wow, but why does it sound like the notes keep getting louder and softer?
Hey guys... I uh, have something I need to tell you.

Did you hear?? The Valentine’s Day dance is cancelled. So is school for tomorrow!!

Why?!

The power went out. No one can figure out why!

I think this is a job for Spectra!! And... whatever my superhero name is. Let’s go!

You’d better just tell them. Keeping it to yourself isn’t going to help.

Well... um, can’t turn into a laser anymore. I don’t know what happened. I don’t know where my powers went. They just went away.

I’m really upset about it... You guys will still like me even if I don’t have powers, right?

I mean, I won’t be able to do all that cool stuff or save the world or even cut string anymore...

But you like me anyway, right?

Of course we still like you! Remember, we were friends before you got powers - we’ll be friends forever, powers or no.

Hey even without laser powers, we still have four (well, three and a half) really smart people, one superhero, and two athletes!

Let’s make this dance rock!

The power went out. No one can figure out why!

Whoa, that kid wasn't kidding! This isn't good . . .

At least it's flickering, maybe we can work with that?

Nah, the power is completely out --

Oh wait -- I have that whole superpower thing going now!

Oh right . . . guess you can't just do that.

But -- we can still do this the old fashioned way!

Ruby, let's follow the power lines and see if we can find the problem. Kas, you and Gordy stay here and practice with the sound system.

There, I fixed it. Now we just need to fix the lights.

Lucy?

There!

Ruby? Ruby, look -- the power lines go up this way

RUBY, LOOK -- THE POWER LINES GO UP THIS WAY

Ruby, look -- the power lines go up this way

I know you have powers now Kas, but trust me - it takes a while to get control of them. And Gordy can help.

I'm glad you're still taking charge even without the laser stuff. We've got this!

Hope you're not afraid of heights!
I totally feel like I’m in a spy movie.

I totally feel like I’m covered in dust and these were new jeans!

Aah! What the --

Aww, they’re cute!

Cute and ruining our dance! How are they not fried?

Hey Kas, talked to dolphins, right? Maybe he could --

Hey Kas!

We need you! We have a possum problem.

An awesome goblin?

A possum problem!

Hey guys -- great family, you got there. Could you take them to live somewhere else?

There’s an awesome cave just outside of town!

What happened? What do you think changed?

Woo hoo! We’re coming back down guys, we fixed it!

We got things working down here. Kas is amazing!

Bet you aren’t so bad yourself!

Not sure -- maybe I just needed to relax and not try so hard.

You’re all clear, the possum family’s taking my advice!

Wait! Ruby! I think I saw a flash! Look!

Thanks Kas!

Hey Kas!

Is probably should have spent more time on the wires... Well, the lights are mostly working. But according to the building plans, the sound system is on a different circuit -- and possibly not up to code.

And I’m pretty certain that music is required for a dance.

Oooh! Unlikely, Leslie, the gym system is now fixed so there’s no reason we can’t have the dance, right?

Well...

Drat, the lights are still flickering.

I probably should have spent more time on the wires... Well, the lights are mostly working. But according to the building plans, the sound system is on a different circuit -- and possibly not up to code.

And I’m pretty certain that music is required for a dance.

Unfortunately, we have already cancelled the band. I could get my army band together, I’m quite good at the tuba!

And everyone loves dancing to a good, old-fashioned march!

Um, uncle Leslie?

Hm? Oh! Yes, of course -- Kas’s playing is also acceptable and possibly a more modern alternative.

So therefore, the lights are working, the sound system is functional... and we will have ultraviolet catastrophe headlining! The dance is back on!

Well...

Well, the lights are mostly working, but according to the building plans, the sound system is on a different circuit - and possibly not up to code.

That sounds satisfactory! Your playing is also up to regulation.

Un fortunately, we have already cancelled the band, I could get my army band together, I’m quite good at the tuba!

THE DANCE!

GUESS SOMEONE COULDN’T GET A DATE

HUH?

ACTUALLY, I’M WITH THE BAND, AND IT WOULDN’T MATTER IF I WAS SOLO -- I HAVE THE BEST FRIENDS IN THE WORLD, AND WE’RE ALL HERE TO HAVE FUN!

I... UH...

IF YOU FEEL THE NEED TO MAKE FUN OF ME FOR THAT, IT’S A YOU PROBLEM, NOT A ME PROBLEM.

YOU LOOK AMAZING!

I RIGGED UP A SURPRISE FOR YOU -- IT WAS GORDY’S IDEA.

HI LUCY!

I PUT A BALLOON OVER THE SPEAKER AND THEN PUT A MIRROR ON IT IF YOU BOUNCE OFF OF IT, WE CAN GIVE THEM QUITE A SHOW.

HECK YES! LET’S GO!
THE DANCE!
